DAY 5

CONTINUING TO BUILD A COHESIVE WARDROBE

Today's focus is all about diving more deeply into building a cohesive wardrobe. Now that you are familiar with the "Rule of Three" you can continue to detox and edit your wardrobe in a more thoughtful fashion. The "Rule of Three" comes in handy both when you're cleaning out your closet and ALSO when you are shopping.

Today is Day 5 of the program, so you've likely had a moment where you thought "it would be GREAT to have this in my closet." What you just did is identify a gap in your wardrobe. Most of us have gaps in our wardrobe. I, for example, don't own any cowboy boots. It's a wardrobe gap, but not a really important one.

The wardrobe gaps we are going to focus on identifying have to do with wardrobe essentials. These are foundational items that can be worn dozens of different ways and help lay the groundwork for a cohesive wardrobe.

REMIX YOUR WARDROBE ONE MORE TIME

Go and grab your three pieces again. For each piece I want you to create another new outfit that is different from yesterday's.

Remember:

- Each outfit should be something you have NEVER worn before. That means you'll have to think about the other clothes in your closet in a new way.

- Each outfit should be something you have NEVER worn before. That means you'll have to think about the other clothes in your closet in a new way.
- If you pulled something like a dress or jumpsuit, remember that shoes, jewelry and other accessories can help make your look new.
- Think about adding layers to your look. One of the easiest ways to remix an outfit is by adding a layer like a jacket or vest over something or a blouse or turtleneck under something. Think about creative ways to add additional layers to your looks.
- Each look should be intentional and call back to your ideal style aesthetic. Do not build an outfit just to build an outfit. Be thoughtful about what you want your outfit to convey and how it ties back to your ultimate personal style.

MINI CLOSET DETOX

Here are today's mini Closet Detox steps:

STEP 1: Go to your closet and/or dresser and pull out five (5) pieces of clothing you haven't worn in the last 6 months

STEP 3: Sort the items into your "Sell," "Donate," "Upcycle/Recycle," or "Trash" bags/bins.

STEP 3: Walk away

And we're done! Remember to complete your Daily Tasks checklist. See you tomorrow!
